Softening Cleansing Milk for normal to mixed skin type with Marigold

INDICATIONS: Soft and light emulsion that removes impurities and surface cells while respecting the physiological pH of the skin. The presence of Marigold, has a soothing and softening effect. Use a small amount to massage your face, cleanses the skin without irritation leaving it fresh and clean.

HOW TO USE: Apply to the face with a cotton ball and gently massage. For a complete cleaning is recommended to finish the treatment patting your face with the Tonic for normal and mixed skin.

Softening Cleansing Milk for dry/delicate skin with Mallow and Yarrow

INDICATIONS: Soft and creamy milk suitable for dry, delicate and easily irritated skin. Mallow and Yarrow play a soothing and anti-reddening action. Use a small amount to massage your skin removing impurities and surface cells while respecting the physiological pH of the skin.

HOW TO USE: Apply to the face with a cotton ball and gently massage. For a complete cleaning is recommended to finish the treatment patting your face with the Tonic for dry and delicate skin.

Cleansing Milk for oily skin with Sage and Propolis

INDICATIONS: Smooth milk formulated to cleanse impure and greasy skin type, easily exposed to the phenomena of redness and boils. The presence of Hype Ricin, Sage and Propolis ensure a purifying function and help calm the inflammatory congestions with beneficial soothing and astringent action.

HOW TO USE: Apply to the face with a cotton ball and gently massage. For a complete cleaning it is recommended to finish the treatment patting your face with our Tonic Lotion for oily skin.

Tonic Lotion for normal / mixed skin with Marigold

INDICATIONS: Fresh alcohol free tonic lotion or softening action that helps restore the hydro-lipid balance and refreshes the epidermis without irritation. With Marigold and Mallow, it's a complement to facial cleansing, playing a decongestant action giving a pleasant feeling of well-being.

HOW TO USE: Gently tap with a cotton pad on face and neck.

Tonic Lotion for dry / delicate skin with Camomile

INDICATIONS: Fresh alcohol free tonic lotion helps to stimulate the atonic and dehydrated functions of the epidermis. It helps to tone the skin tissues of face and neck due to the moisturizing factor and Jojoba Oil, makes the proper hydration to dry skin, giving it a more elastic and youthful look. Camomile has a soothing and anti-reddening effect.

HOW TO USE: Gently tap with a cotton pad on face and neck.

Tonic Lotion for oily skin with Witch-Hazel and Grapefruit

INDICATIONS: Fresh alcohol free tonic lotion that plays an astringent and purifying action, thanks to the herbal extracts of Witch-Hazel, Propolis, Rhatany and Grapefruit, it helps to normalize sebum secretion and to stimulate the skin, leaving it fresh and clean.

HOW TO USE: Gently tap with a cotton pad on face and neck.

Decongestant moisturizing emollient mask with Aloe and Apricot

INDICATIONS: Refreshing Gel, that deeply hydrates the skin, thanks to Moisturizing Factors and Apricot extract. Use regularly once a week, with Aloe Vera, Glycerin, Camomile and Linden extracts, helps to relieve signs of redness due to weather conditions. Also useful after treatment of facial cleansing.

HOW TO USE: Apply a thin layer of product evenly to cleansed face, wait about 20 minutes, then rinse thoroughly with water. After rinsing your face is advisable to tap it with the Tonic for normal and mixed skin.

Moisturizing elasticity mask

INDICATIONS: When used regularly once a week, helps to strongly moisturize the skin and to make tissues more elastic. The presence of Collagen, Elastin and Moisturizing Factors, ensures a remarkable nourishing and stimulating action for the skin that will be more toned and radiant. In addition, the Zinc Oxide plays a soothing effect.

HOW TO USE: Apply evenly on clean face, leave in for about 20 minutes, then rinse thoroughly with warm water.

Astringent mask

INDICATIONS: Gel-cream with an astringent and refreshing action for oily and impure skin. Extracts of Lemon and Rhatany help to rebalance the sebum secretion, to tighten pores and reduce the impurities keeping the softness, freshness and hydration of the skin. Propolis and Sulphur play an antiseptic and purifying action.

HOW TO USE: Apply a thin layer of product evenly on cleansed face, wait about 20 minutes, then rinse thoroughly with water. After rinsing your face is advisable to tap it with the Tonic for oily and impure skin.

White clay mask

INDICATIONS: Due to its particular components the mask with white clay nourishes the skin restoring normal hydration, elasticity and freshness. It is suitable for all skin types, normal and delicate. Contains: White Clay, Rice starch, Jojoba Oil, Avocado Oil, Wheat Germ Oil, Honey, Apricot extract.

HOW TO USE: Spread a thin layer of product on the face and neck. We recommend a setting of at least 15-20 minutes and copious rinsing with warm water. Use the product once or twice per week.

Clay-Propolis mask

INDICATIONS: Natural cleaning mask for oily skin prone to phenomena of eruption of boils and acne.

Under the combined action of Clay, Propolis and Zinc Oxide, which play an astringent and purifying action, this mask helps to prevent the occurrence of blackheads without irritating the skin in any way.

HOW TO USE: Apply evenly on clean face, leave in for about 20 minutes and then rinse with warm water. Match Milk Cleanser for oily and impure skin and Purifying Cream Propolis and Grapefruit.

Protective antioxidant action mask

INDICATIONS: Peel-off mask, a new concept which forms a film on the face and removes all impurities from the skin, giving it brightness and leaving it clean, smooth and silky.

Contains extracts of Yarrow, Strawberry and Jojoba Oil.

HOW TO USE: Apply the mask evenly on clean face, being careful not to apply it on the areas around the eyes, leave in for about 30 minutes, and then once the film was formed, gently tear it away from your face starting from the chin to the front.

Face/neck Hyaluronic Acid Liposomes cream

INDICATIONS: With Hyaluronic Acid and the presence of liposomes of Vitamin A and Vitamin E, this cream has a moisturizing and anti-radical restructuring action, useful for the prevention of aging and sagging skin. It also contains Moisturizing Factor, Shea Butter, Wheat Germ Oil, Jojoba Oil that is rich in Vitamin E, Collagen and D-panthenol.

HOW TO USE: Apply on face, neck and décolleté, massaging gently until the cream is completely absorbed.

Antistress moisturizing cream

INDICATIONS: Absorbs immediately, specifically designed to moisturize the skin and protect it from pollutants or adverse environmental factors. Camomile and Apricot extracts ensure a soothing and emollient function, Collagen and Mucopolysaccharides help to restructure and moisturize the skin in-depth, maintaining elasticity and youthful freshness to the face. Also contains: low protection Solar Filter.

HOW TO USE: Apply on face and neck and gently massage until the cream is completely absorbed.

Revital Anti - Wrinkle Treatment

INDICATIONS: Skin aging is closely linked to the epidermis's loss of elasticity of the collagen fibers that become insoluble, giving rise to the first wrinkles. This cream helps to prevent this phenomenon and reduce it by returning hydration and elasticity to the skin. Contains Collagen, Elastin, Moisturizing Factor, Vitamin E and extracts of Horsetail and Centella.

HOW TO USE: Apply on face and neck and gently massage until the cream is completely absorbed.

Nourishing cream royale

INDICATIONS: A softening day Cream, especially nourishing, useful in cosmetic treatment for dehydrated, asphyxiated skin. Collagen, Royal Jelly and Honey help to improve skin tone which will be more soft and supple. It also contains Shea Butter and Allantoin.

HOW TO USE: Apply on face and neck and gently massage until the cream is completely absorbed.

Purifying Propolis and Grapefruit cream

INDICATIONS: Specific treatment cream for impure skin suffering from the effects of furunculosis and blackheads. Used regularly every day, thanks to the properties of Propolis, the Rosemary, Sulphur and Grapefruit leaves an stringent and cleansing action on the skin, balancing nutrition and hydration without greasiness. It also contains Olive Oil, Sweet Almond Oil, Wheat Germ Oil, Shea Butter and Allantoin.

HOW TO USE: Apply to the face and gently massage until the cream is completely absorbed.

Marigold cream 12%

INDICATIONS: Thanks to a good skin-Vegetable Oils's combination (Olive Oil, Wheat Germ and Sweet Almond) and Marigold (which since antiquity are attributed soothing properties), this soft emulsion is valid to use as moisturizer and emollient for dry skin treatment. It is therefore an excellent adjuvant in the presence of soothing skin redness. It also contains Shea Butter, Moisturizing Factor and Vitamin E.

HOW TO USE: Apply to the face and gently massage until the cream is completely absorbed. Ideal for the face but also for the body.

Glycolic Acid cream 8%

INDICATIONS: This cream takes full advantage of the smoothing action of Glycolic Acid and plasticizer. Used on a regular basis helps to prevent the formation of wrinkles and reduce existing ones. Moreover, the presence of the Natural Moisturizing Factor (NMF) provides a remarkable moisturizing action so your skin will be more relaxed, soft and supple. It also contains extracts of Centella and Horsetail.

HOW TO USE: Apply the cream on your face and massage until it's completely absorbed.

WARNING: Do not use in conjunction with Serum Gel 15/30 nor-cycle applications latter. Use a maximum of 2 or 3 times a week.

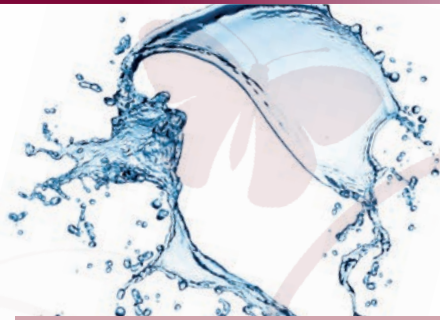

Rosacea treatment cream

INDICATIONS: Concentrated solution of specific ingredients for skin prone to erythrosis and small vessels dilatation forms known as rosacea. It protects the skin of the face and helps it to better withstand environmental aggressions (wind, cold, sun).

Contains Collagen, Moisturizing factor, Glicerretico Acid, Allantoin and extracts of Marigold, Yarrow, Butcher's Broom and Hawthorn.

HOW TO USE: Apply the fluid with a light massage on the affected areas of the face until it is fully absorbed.

Rebalancing acid cream

INDICATIONS: Cream with a light texture that is easily and immediately absorbed. Contains Jojoba Oil to limit the appearance of wrinkles and protects against the damage caused by free radicals. Also contains Sweet Almond Oil, Sodium Hyaluronate and Vitamins C, E and F.

HOW TO USE: Apply daily to the areas to be treated and gently massage until the cream is completely absorbed. Suitable for all types of skin.

Snail cream 24 hours

INDICATIONS: Highly hydrating treatment necessary for an healthy skin and the good preservation of the hydro-lipidic layer. Thanks to the protective and soothing properties of the snail slime, the skin will be softer and smoother.

HOW TO USE: Apply on face and neck and gently massage until the cream is completely absorbed.

Revitalising anti-age cream Ceramides and Grape Stem Cells

INDICATIONS: Anti-ageing action. Contains Dermaxyl™ with Ceramides and sour grape stem cells, powerful antioxidants which smooth and repair the skin. An extraordinary daily revitalising treatment that helps to boost cell regeneration. The Hyaluronic acid, Vitamins E and F, Collagen and Jojoba oil moisturise deep down to repair the signs of ageing and reduce wrinkles.

HOW TO USE: Apply in the morning and evening for at least 2 months, massage until completely absorbed.

Rosacea serum

INDICATIONS: Concentrated solution of specific active ingredients for skin prone to rosacea. It helps to improve the micro-capillarity surface. Contains Glicerretico Acid, Allantoin and extracts of Witch Hazel, Butcher's Broom and Blueberry.

HOW TO USE: Apply the fluid with a light massage on the affected areas of the face. Can be used together with Marigold Cream for a more energetic and soothing treatment.

Anti-Age serum

INDICATIONS: Concentrated solution of active ingredients, helps to prevent wrinkles and improves existing ones.

Liposomes containing Vitamin A, Elastin, Hyaluronic Acid, Mucopolysaccharides and Vitamin E.

HOW TO USE: Apply on face and neck with light tapping. It can be used along with Revital Cream and Hyaluronic Acid and Liposomes Face/Neck Cream, for a more energetic treatment.

The possible presence of oils on the surface is caused by their high percentage inside the product. Shake well before using.

Revital anti-age serum, filler effect

INDICATIONS: A concentrated solution of active principles, it helps to prevent wrinkles and improves existing ones with a filler effect thanks to an exclusive cross-linked Hyaluronic Acid that settles in the wrinkles thus filling them. It also contains: Vitamin A Liposomes, Mucopolysaccharides, Vitamin E, F, Native Collagen and Jojoba Oil.

HOW TO USE: Distribute the serum with a gentle massage on the affected areas of the face and neck and for a combined treatment used together with the Revital Cream or Face/Neck Hyaluronic Acid Liposomes Cream.

Hyaluronic acid serum

INDICATIONS: Thanks to the Hyaluronic Acid and the presence of Liposomes of Vitamin A and Vitamin E, the product has a moisturizing and anti-radical restructuring action useful for the prevention of skin aging.

HOW TO USE: Apply until it's completely absorbed.

It can be used along with Revital Cream or Face/Neck Hyaluronic Acid Liposomes Cream.

Serum gel 15 / Serum gel 30

INDICATIONS: This product enhances the keratolytic typical Glycolic Acid action and the result, after a series of applications, is a more relaxed skin, a gradual reduction of pores and a greater elasticity and firmness of the epidermal tissue.

AVVERTENZE: If the product comes in contact with eyes and mucous membranes, rinse thoroughly with water.

Discontinue use if signs of irritation occur.

In case of delicate skin may experience some slight itching at the beginning of treatment. If irritation persists, discontinue treatment. Do not expose yourself to sunlight during the use of Glycolic Acid products.

HOW TO USE: The beautician must scale the contact time and number of cycles in relation to the age of the person and to the types of skin to be treated. Before applying test the tolerance of the subject on a small part of the body.

Dermolift

INDICATIONS: Instant skin tensor. It helps to reduce wrinkles temporarily through a highly moisturizing and straightening action at the skin surface.

HOW TO USE: Apply to face, neck and décolleté distributing evenly and massaging until it's completely absorbed.

Avoid the contact with eyes.

Anti-Age face peeling with Vegetable Granules, Polyacid Fruit and Vitamin E

INDICATIONS: Used regularly exercises a peeling effect beneficial to the regeneration of cells, which are induced to produce collagen that fills the grooves of the skin that cause wrinkles. It acts on the skin blemishes and scars left by acne. Contains Fruit of Polyacid, Vegetable Hazelnuts and Almonds Granules, Jojoba Oil, Collagen and Vitamin E.

HOW TO USE: After thorough cleansing with NAUSICA Milk and Tonic for mixed / normal skin spread on the face, massage and then rinse with warm water.

Light gommage

INDICATIONS: It looks like a creamy emulsion, suitable to gently clean the thinner skin. Suited to carry out a rapid exfoliation, helping to remove impurities and dead skin cells that dull the surface of your face without damaging the skin preparing it for subsequent treatments. In this way, the skin will draw a strong benefit and is more luminous and velvety. It also contains Allantoin and extracts of Witch-hazel and Yarrow.

HOW TO USE: Apply to cleansed face and leave on for 2 or 3 minutes. Then, with a rotational movement of the hand, rub the face so that the cream is removed in the form of granules. Rinse with water and pat your face with Tonic and then apply the appropriate Moisturizing Cream.

Make up base fluid

INDICATIONS: Fixative Solution indicated for a long-lasting make-up of the face.

HOW TO USE: Apply a small vial on face, neck and décolleté spreading it evenly with a gentle massage. Wait until the product is absorbed, then switch to the application of makeup.

Wrinkles vial with Elastin and Collagen

INDICATIONS: Nutrients vial with Elastin and Collagen that help prevent the onset of wrinkles and improve the appearance of existing ones. It also contains Moisturizing Factor and extracts of Horse Chestnut, Equisetum, Hypericum and Centella.

HOW TO USE: Apply a small vial on the face, neck and décolleté distributing evenly with a gentle massage until it's completely absorbed.

Deep hydration vial with Hyaluronic Acid

INDICATIONS: This product is made to deeply moisturize the skin. Contains Hyaluronic Acid, Elastin, Mucopolysaccharides, Moisturizing Factor and extracts of Centella and Apricot.

HOW TO USE: Apply a small vial distributing it evenly on your face with a gentle massage until it's completely absorbed.

Purifying vial

INDICATIONS: This product is made to purify the skin. Contains Glicerretico Acid, Sulphur and extracts of Thyme, Rosemary, Sage and Propolis.

HOW TO USE: Apply a small vial distributing it evenly on your face with a gentle massage until it's completely absorbed.

Hand and nails cream with Camomile and Mallow

INDICATIONS: Creamy emulsion easily absorbed indicated for the manicure treatment. It helps protecting the skin from external aggression, relieve the signs of flushing due to the cold, to prevent unsightly cracking and to eliminate roughness of the hands making them smooth, soft and hydrated. Contains Vegetable Glycerol 10%, Camomile and Mallow.

HOW TO USE: Massage until it's completely absorbed.

Foot cream with Aloe and Thyme

INDICATIONS: Creamy emulsion easily absorbed indicated in pedicures. It helps to protect the skin from external aggression, relieve the signs of flushing due to the cold, to prevent unsightly cracking and to eliminate the roughness of the feet making them smooth, soft and hydrated. Contains Aloe, Thyme and Salicylic Acid.

HOW TO USE: Massage until it's completely absorbed.

Massage base cream

INDICATIONS: Facilitates and intensifies the massage action. It helps to reactivate the natural physiology of muscle tone and skin elasticity, improving the plasticity of the body's most relaxed areas.

HOW TO USE: Massage until it's completely absorbed.

Massage smoothing base cream

INDICATIONS: Particularly smoothing cream that facilitates and intensifies the massage action. It helps to reactivate the natural physiology of muscle tone and the skin elasticity, improving the plasticity of the most relaxed body areas.

Contains Grape Seed Oil.

HOW TO USE: Massage until it's completely absorbed.

Active cellulite cream

INDICATIONS: This product is perfect for cellulite treatment and for localized fat formations. It helps to loosen the fat deposits and makes the skin smooth and soft to touch.

Contains Organic Iodine and extracts of Ivy and Ocean Seaweed.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

WARNING: Contains Organic Iodine.

Thermo-active cellulite cream

INDICATIONS: Cream with heating action indicated for the localized fat and cellulite treatment. Stimulating the nerve endings, it gives a feeling of warmth to the skin. Helps improve blood circulation by decreasing the superficial venous stasis.

Contains Organic Iodine, Seaweed extracts and Ginkgo Biloba.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

WARNING: Product with heating effect, avoid the contact with eyes and mucous membranes, in the case rinse with water. The use of gloves is recommend in the professional use. Contains Organic Iodine.

Fluicel cellulite treatment "plus" with Phosphatidylcholine

INDICATIONS: Cutting-edge product for the cosmetic cellulite treatment. Fluicel improves circulation and regulation of capillary permeability, contributing to greatly reduce the blemish, in association with a strong lipolytic action of fats dissolution.

Contains: Caffeine, Escin, Phosphatidylcholine and extracts of Ginkgo Biloba, Rusco, Lemon and Horse Chestnut.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

NON-IODIZED PRODUCT

Chocolate Cellulite Treatment

INDICATIONS: A new concept product for the cellulite treatment. The active ingredients contained in it as Escine, Caffeine and an Oceanic Seaweed gel type provide a synergistic action to help in reducing the imperfection effects. In addition, the multiple properties of Cocoa acting on the body and on the mind. The scent of chocolate stimulates endorphins (feel-good hormones), giving a feeling of well-being, while Cocoa nourishing properties moisturize the skin, leaving it soft and firm. Cocoa treatment has also a strong drainage action.

HOW TO USE: Apply on the affected part and after having carried out the massage, remove residues of this product using disposable washclothes dampened with warm water.

WARNING: Contains Organic Iodine.

Cellulite Gel with Oceanic Seaweed

INDICATIONS: A new concept product for the cellulite treatment. The active ingredients contained in it as Escin, Caffeine and Oceanic Seaweed, help reduce the imperfection effects caused by cellulite. It also contains Organic Iodine and extracts of Ivy and Horse Chestnut.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed. **WARNING: Contains Organic Iodine.**

Hips / abdomen thermo - active gel

INDICATIONS: An innovative product which helps to reduce the thickness of adipose tissue accelerating the melting of fat excess, thanks to the combined action of natural active ingredients.

When combined with physical activity, it achieves excellent results in the critical areas of the hips and abdomen. Contains Hops Extract, Jojoba Oil, Caffeine, Carnitine, Pantothenated Calcium and Guarana.

HOW TO USE: Massage on the affected area until completely absorbed. **This is a heating effect product, avoid contact with eyes and mucous membranes, in the case rinse with water. The use of gloves is recommend in the professional use.**

Jojoba leg treatment

INDICATIONS: Refreshing and soothing treatment for tired and heavy legs. Dermocosmetic adjuvant.

Thanks to the high carrying capacity of the Jojoba oil, the active substances of Blueberries, Aloe, Ruscus and Horse-Chestnut penetrate deep into the skin, thus favouring microcirculation of the lower limbs.

This product leaves a pleasant sense of relief and freshness.

HOW TO USE: Spread the product rubbing lightly from the bottom upwards. Keep your legs lifted for a few minutes.

Deep freeze cold gel

INDICATIONS: Cold effect gel useful for a relaxing massage to tired and heavy legs. Also useful in the treatment of toning and cellulite treatments.

HOW TO USE: Massage until it's completely absorbed.

Fangocel cellulite treatment

INDICATIONS: Useful product in the cellulite treatment. The Clay enriches the skin with minerals and the functional recovery of the tissues by removing dead skin cells. The association of different OE with Seaweed has a positive effect on cellulite. Contains Organic Iodine, Seaweed, Chestnut, Aloe and OE Thyme, Eucalyptus, Rosemary and Lavender.

HOW TO USE: Mix before use, apply the mud on the affected part and wrap the whole thing with plastic wrap. Leave on for about 30 minutes in the sauna or with a blanket.

WARNING: Contains Organic Iodine.

Thermo - active mud

INDICATIONS: Useful product in the cellulite treatment. The Clay enriches the skin with minerals and helps favoring the functional recovery of the tissues by removing dead skin cells. The association of different OE with Seaweed has a positive effect on cellulite. Contains Organic Iodine, Seaweed, Chestnut, Aloe and OE Thyme, Eucalyptus, Rosemary and Lavender.

HOW TO USE: Mix before use, apply the mud on the affected part and wrap the whole thing with plastic wrap. Leave on for about 30 minutes.

WARNING: Heating effect product. Avoid contact with eyes and mucous membranes, in the case rinse with water.

The use of gloves is recomanded.

Contains Organic Iodine.

Thermal mud from the Dead Sea

INDICATIONS: Directly from the depths of the Dead Sea, this mud has a unique combination of valuable minerals and trace elements useful for the skin. Made up of natural clays matured for a long time in the waters of this unique sea, it is a pure substance, useful in the treatment of the face and body.

It deeply cleanses the skin (great help against pimples, blemishes, acne, etc.). It balances the degree of hydration of the skin, making it firmer and smoother.

Anti Aging slows and reduces the appearance of wrinkles. Promotes the elimination of liquids and toxins, helping with a double draining / cleansing effect to alleviate the unaesthetic orange peel. Increases the resistance of the scalp.

HOW TO USE: Mix the water and mud deposited above, apply a uniform layer on the parts to be treated and then rinse after 30/40 minutes. At the beginning of the treatment repeat consecutively for 4/5 days and then reduce to one or two applications per week during the maintenance phase.

Water Elixir from the Dead Sea

INDICATIONS: Precious concentration of salts and minerals, fight cellulite, skin blemishes and skin peeling. It restructures and demineralizes the scalp, favoring the elimination of dandruff and restores brightness and volume to the hair.

Do not apply to cracked and wounded skin. Shake before use. Keep out of the reach of children.

HOW TO USE: Apply to the interested area with a light massage until it's absorbed, leave on for 20 minutes (for skin and hair, the shutter speed can be halved).

Rinse with warm water. For an intensive action, wrap the area with bandages soaked with Marino Elixir.

Repeat the application even 2 times a day until the desired effect is reached.

Toning firming body massage cream

INDICATIONS: Helps improve the skin's elasticity and strengthens. Thanks to the presence of Collagen and Elastin, helps restoring the more relaxed tone to the epidermis. Contains: Natural Collagen, Elastin, Amino acids and extracts of Hops, Arnica, Hypericum, Centella.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Massage cream for lymphatic drainage treatments

INDICATIONS: Cosmetic adjuvant to be used in massages aimed at improving lymphatic circulation favoring a complete drainage of liquids and impurities contained in the body. Contains: Shea Butter, Zedomina and extracts of Arnica and Butcher's Broom.

HOW TO USE: Apply a gentle and light massage towards the areas of lymphatic "discharge" (back of the knee, groin, base of the neck and armpits), starting from the feet and going back.

Drenolio for cosmetic lymphatic draining treatments

INDICATIONS: Oil for lymphatic drainage massage. Contains Sweet Almond Oil, Grape Seed Oil and extracts of Marigold, Arnica and OE Sage and Rosemary.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Massage breast recipe Collagen/African Kigelia

INDICATIONS: Cream suited to nourish and moisturize the skin of the breast. Applying it every night with a gentle circulatory massage, it helps in restoring the elasticity and the tone to the tissues thanks to specific properties of Collagen and Elastin. The breast skin will be firmer and more elastic. Contains: Collagen, Elastin and African Kigelia.

HOW TO USE: Apply on the affected area until it's completely absorbed.

Granular cream with Microspheres

INDICATIONS: Cream with Vegetable Hazelnuts and Almonds Granules which has a keratolytic action on the epidermis removing all the impurities that dull the skin without damaging it. Useful both in facial peels and in the body. Contains Allantoin and extracts of Witch Hazel and Yarrow.

HOW TO USE: Apply on the affected area until it's completely absorbed. **Clean up residue with a cloth or sponge soaked in warm water.**

Sea exfoliating peeling massage: Peppermint Orange and Cinnamon - Grape - Fruit Passion

INDICATIONS: The body scrub removes impurities that dull the skin without damaging it. Made with Sea Salt, Sweet Almond Oil, Avocado Oil, Vitamin E, Seaweed and OE Cypress and Peppermint.

HOW TO USE: Apply on the area to be treated. For an easier use of the product is recommended to use also a massage oil.

Body scrub with Shea Butter and Sea Salt

INDICATIONS: This product is suitable for the peeling of the body. Sea Salt removes impurities, Shea Butter and Sweet Almond Oil nourish the skin leaving it soft and smooth.

HOW TO USE: Apply on the affected part and proceed to massage. Then remove it with a warm cloth. If necessary cool the product to make it more fluid and spreadable.

Body peeling 26

INDICATIONS: Chemical exfoliant exclusively for the body based on a mixture of Alpha Hydroxy Acids (26%). Useful to counteract skin ageing, stretch marks and stains and the signs of the skin.

WARNING: During the application you may notice a tingling sensation on the treated area, which will diminish over time. In case of excessive feeling of discomfort discontinue treatment and immediately remove the product with sponges or cotton towels wet with warm water. If the product comes into contact with eyes and mucous membranes, rinse thoroughly with water. Do not expose yourself to sunlight after use and in general during treatments with Alpha Hydroxy Acids.

HOW TO USE: Before application, the beautician should test on the person the tolerance of the product on a small part of the body. Then apply on the skin a veil of product with a glove. The time the product has to be left on the skin varies depending on the type of skin and its sensitivity (5-10 minutes).

Cellulite massage oil

INDICATIONS: It is a highly moisturizing epidermal Soy based oil. Contains Zedomina and extracts of Ivy and Oak Marina, which have a protective action on blood vessels reducing accumulation of fats. Moreover, the addition of Menthol exerts gives a cooling effect on the skin and toning action.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

After depilation oil

INDICATIONS: Epidermal liquid specifically for use after waxing to remove the wax residue left on your skin. It also helps to soften and refresh the skin evidenced by the treatment itself. Contains Azulene, with a remarkable soothing properties.

HOW TO USE: Apply on the affected area and massage until it appears free of wax residue.

Refreshing Menthol post epil oil

INDICATIONS: Epidermal liquid Soybean Oil based specifically for use after waxing to remove the wax residue left on your skin. It also helps to soften and refresh the skin evidenced by the treatment itself.

HOW TO USE: Apply on the affected area and massage until it appears free of wax residue.

Heating body massage oil

INDICATIONS: Based on Soybean Oil, the product is suitable for body massages, thanks to a warming effect it helps to stimulate the peripheral nerve endings and improve superficial blood circulation.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

WARNING: This product has a thermo effect. Avoid contact with eyes and mucous membranes. In the case rinse with plenty of water.

Body sliding neutral massage oil

INDICATIONS: Thanks to its smoothness, this product helps the therapist in performing the massage.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Sweet Almond pure oil

INDICATIONS: Oil obtained from the first cold pressing of almonds. It can be used pure in massage or drops in addition to creams and masks. Great for preventing stretch marks in pregnancies.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Grape Seed pure oil

INDICATIONS: Retrieved from Grape Seeds, it is an ideal oil for massage, it is a powerful antioxidant. It is also indicated in the aesthetic treatments of wine therapy.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Sesame pure oil - *from organic farming*

INDICATIONS: Ideal massage oil. It has antioxidant properties and is also used in Ayurvedic treatments.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Dry oil - body oil

INDICATIONS: Body dry oil, not oily and easily absorbed. Ideal for massages, even adding essential oils, and excellent for removing wax residues during depilatory treatments on sensitive skins.

HOW TO USE: Apply a small quantity of product on the area to be treated till completely absorbed.

Argan oil pure 100% - *from organic farming*

INDICATIONS: The Berber people of southern Morocco use the Argan Oil since thousands of years for its amazing cosmetic virtues. Retrieved from cold pressing, is rich in Vitamin E, which acts as an antioxidant and plays an anti-aging effect. It is also composed of other important active substances for the skin such as Vitamin A, Vitamin F, Linoleic Acid, Omega 3 and Omega 6. Nickel-free, dyes, preservatives and is useful both for the face, body, for nails and hair. Hydrates and nourishes with no grease.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Post hair removal soothing emulsion

INDICATIONS: Fluid emulsion, to use specifically after shaving, which helps to soften and moisturize irritated skin after treatment. Contains Glycyrrhetic Acid, Moisturizing Factors and extract of Equisetum.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Moisturizing body milk

INDICATIONS: Moisturizing and nourishing emulsion for the body as well as ideal after-bath. Contains Soy Oil and Moisturizing Factor.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Liquid glaze

INDICATIONS: Vascularizing liquid-action, made for cold wraps in the aesthetic treatment of cellulite.

It causes a decrease of the thermal values at the local level with the surface vessel constriction.

HOW TO USE: Dilute the product with at least 50% of water, soak the bandage with the liquid and wrap the affected area.

Shake before using.

Cellulite plus serum

INDICATIONS: Concentrated solution of active ingredients, specific for the treatment of fatty deposits and accumulations of fat. Contains Organic Iodine, Seaweed and Arnica extracts and OE Rosemary.

HOW TO USE: Apply the liquid on the affected parts practicing a gentle massage in the high risk areas. For a more energetic treatment can be used together with the Overactive Cream or Cream Fluicel (cellulite treatment plus).

WARNING: Contains Organic Iodine.

Aloe gel 90% - *from organic farming*

INDICATIONS: Dermo-cosmetic product that retains all of the beneficial properties of 100% pure and fresh Aloe juice.

It hydrates, protects and refreshes dry skin, soothes sunburn, skin irritations and relieves itching. For all types of skin.

HOW TO USE: Apply and massage gently until it's completely absorbed.

Lipo-Slim - cold paraffinic treatment

INDICATIONS: Cold paraffin that causes a sauna effect and allows an effective massage in slimming treatments temporarily occluding the pores. Ideal also for manicure and pedicure.

HOW TO USE: Apply on the affected part.

Lipo-Cell with Phosphatidylcholine and Magnesium Salts

INDICAZIONI: Product activated with Phosphatidylcholine and Magnesium Salts, useful for treating cellulite and fat using ultrasonic beauty equipment.

Designed to increase the performance of your equipment with Dynamic Wave technology and enhance its effectiveness.

MODO D'USO: Apply on the concerned part and go over with the handpiece of the machinery.

Conductive gel for medical electrical equipment

INDICATIONS: Conductor gel for the use of medical equipment.

HOW TO USE: Apply on the affected part.

Cellulite plus vial with Ocean Seaweed

INDICATIONS: Cosmetic adjuvant product for cellulite. Contains Grape Seed Oil, Organic Iodine, Escin Caffeine and Seaweed.

HOW TO USE: Apply a small vial on the body spreading it evenly with a gentle massage.

WARNING: Contains Organic Iodine.

Body-breast toning vial with African Kigelia

INDICATIONS: This product has an invigorating action for body and breast. Contains African Kigelia (toning and bulking actions), Hyaluronic Acid, Collagen and Hops.

HOW TO USE: Apply a small vial of breast and body spreading it evenly with a gentle massage.

Stretch mark treatment vial Collagene and Ginseng

INDICATIONS: Adjuvant cosmetic product for stretch marks imperfections. Contains Wheat Germ Oil, Elastin, Collagen, Liposome Vitamin A, Vitamin E, Jojoba Oil and Ginseng.

HOW TO USE: Apply a small vial on the body spreading it evenly with a gentle massage.

Bioros Cream

INDICATIONS: Herbal cream used to counter face and body imperfections. Suitable for treating impure skin and acne. Also effective in reducing all kinds of skin redness, such as those caused by hair removal. Contains: Plant extracts of Rosemary, Propolis, Grapefruit, Butcher's broom, Centella, Echinacea, Aloe and Essential Oils of Rosemary, Mint, Lavender, Lemon, Thyme, Ylang Ylang.

HOW TO USE: Apply and massage until completely absorbed.

Argan oil pure 100% - *from organic farming*

INDICATIONS: The Berber people of southern Morocco use the Argan Oil since thousands of years for its amazing cosmetic virtues. Retrieved from cold pressing, is rich in Vitamin E, which acts as an antioxidant and plays an anti-aging effect. It is also composed of other important active substances for the skin such as Vitamin A, Vitamin F, Linoleic Acid, Omega 3 and Omega 6. Nickel-free, dyes, preservatives and is useful both for the face, body, for nails and hair. Hydrates and nourishes with no grease.

HOW TO USE: Apply on the affected area and massage until it's completely absorbed.

Toning synergy

INDICATIONS: The blend of Eucalyptus Essential oil, Rosemary, Bitter Orange, Juniper and Sage Grape Seed Oil gives to the product tonic and stimulant proprieties for the treatment of the whole body.

HOW TO USE: Apply a few drops of synergy on the parts to be massaged. Can be used daily.

WARNING: This product contains essential oils. make sure not to be intolerant to any ingredient. Use gloves In professional treatment.

Relaxing synergy

INDICATIONS: The blend of Essential Oil of Camomile, Sweet Orange, Bitter Orange and Orange Flower in Grape Seed Oil provides the product with the properties that favor the sagging skin. Suitable for all treatments where it's necessary to relieve nervous tension.

HOW TO USE: Apply a few drops of synergy on the parts to be massaged. Can be used daily.

WARNING: This product contains essential oils. make sure not to be intolerant to any ingredient. Use gloves In professional treatment.

Decongest synergy

INDICATIONS: The blend of Essential Oil of Rosemary, Eucalyptus, Sweet Orange and Sandalwood in Grape Seed Oil, give the product the decongestant properties.

HOW TO USE: Apply a few drops of synergy on the parts to be massaged. Can be used daily.

WARNING: This product contains essential oils. make sure not to be intolerant to any ingredient. Use gloves In professional treatment.

INDICATIONS: The blend of Essential Oil of Camomile, Rosemary, Thyme, Sage and Pine in Grape Seed Oil, give the product properties that favor the elimination of waste.

HOW TO USE: Apply a few drops of synergy on the parts to be massaged. Can be used daily.

WARNING: This product contains essential oils. make sure not to be intolerant to any ingredient. Use gloves In professional treatment.

Retard / pil synergy

INDICATIONS: Treatment of post-depilatory based on Essential Oil of Valerian, Peppermint, Sage, Eucalyptus in Grape Seed Oil. Its continuous use produces significant slowdown in the growth of unwanted hair on arms and legs.

HOW TO USE: Apply a few drops on the depilated area and massage gently. Use immediately after hair removal and for the next thirty days.

WARNING: This product contains essential oils. make sure not to be intolerant to any ingredient. Use gloves In professional treatment.

Massage Candle

INDICATIONS: Pleasantly perfumed candle, suitable for all types of wellness massage. The Shea Butter contained in it deeply nourishes the skin.

HOW TO USE: Light the candle, wait until it starts to melt and then pour on the skin and proceed to massage.

The product does not burn because the Shea Butter melts at 40° C.

Solar gel - no sunblock

INDICATIONS: Solar Gel has a strong tanning power due to the presence of Beta Carotene and Walnut Hull, which make the tan uniform and durable. Contains Jojoba Oil from strong emollient, moisturizing and anti-radical action.

HOW TO USE: Apply and massage until it's completely absorbed. Repeat the application several times during the day.

Please note: this product has no sunblock. Do not use on light and delicate skin.

After sun lotion

INDICATIONS: Skin cosmetic treatment, to be applied after exposure to sunlight. Thanks to its ingredients the after-sun lotion has a strong emollient, moisturizing and refreshing action. Maintains tan for a long time and prevents the aging process of the skin thanks to the presence of moisturizing factors.

HOW TO USE: Apply the milk after exposure to the sun. Massaging the face and body gently until it's completely absorbed.
